

EXHIBIT B (PROJECT SIGN DETAILS)

This exhibit includes general details for two (2) project sign options. The first option is to be used for SRF financed projects; the second option is to be used for USDA/RD financed projects. In the unlikely event that both SRF and USDA/RD are included in the funding package for a project, contact those agencies to obtain details for a sign acceptable to both programs.

In accordance with Section 1.02.6 of this document, ensure that a statement indicating all agencies participating in the funding of the project is included on the sign.
